

BENEFITS OF STAPLING VERSUS OTHER CLOSURE METHODS

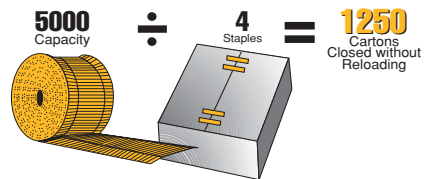

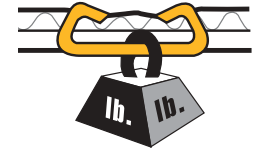

1 Staples Are Environmentally Safe

Staples are environmentally safe, they can be recycled or landfilled without problems.

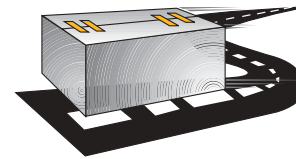

5 Stapled Cartons Are Stronger

Staple "lock" flaps together providing maximum holding strength.

2 Roll Staples Cost Less

Roll staples reduce loading time and increase production output, saving your company money.

6 Stapled Cartons Hold Up In Transit

Staple strength and security meet and exceed shipping and handling requirements.

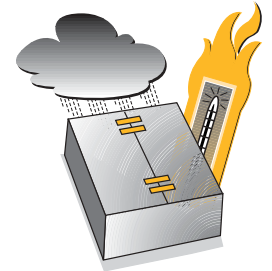

3 Staples Enhance Advertising Value

Staples enhance advertising value by not covering sales message or product identification.

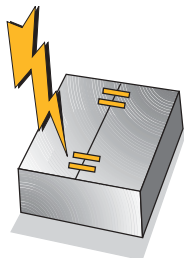

7 Stapled Carton Unaffected By Temperature And Humidity

Staple closures are unaffected by extremes of temperature and humidity.

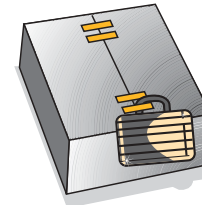

4 Staples Fasten Instantly

Staple closure is instantaneous with visual confirmation immediately.

8 Staples Discourage Pilferage

Staple discourage pilferage insuring safe, secure product delivery.

9 Automatic Staplers Reduce Manpower

Staples can be applied automatically, reducing manpower and cost from manual packaging systems.
